Shopping News To Be Out Early

As a convenience both to shoppers and merchants, the Shopping News will come out a day earlier next week—Thursday instead of Friday, the regular day of publication.

Friday, May 30, is Memorial Day, a national holiday. The earlier appearance of the Shopping News will give shoppers a chance to do their buying before the holiday, and will enable merchants to publicize their products to a greater advantage.

Yes, Sir! Tonight's The Time

"Hurry! Hurry! Buy your tickets for the big benefit whist, this evening, for cubs and scouts of Boy Scout Group 101," urged committee members. Plans are all complete and a gala evening is promised everyone. The event will be held at Theatre hall at 8 p. m.

Scoutmaster Frank Coughlin pointed out that this whist is held only once each year. "Everyone's invited," he said. There will be a cash door prize and numerous other awards.

Hillcrest Druids To Hold Whist

Arch Druidess Mrs. Violet Hauptli and her two supporters, Mrs. Martha Wegner and Mrs. Florence Thorsen, are chairladies in charge of the regular monthly whist for Hillcrest Circle No. 143, U. A. O. D., to be held Monday evening at Masonic hall. Today they issued a cordial invitation for all local whist enthusiasts to attend their party.

Playing will begin at 8:30 p. m. and numerous attractive prizes, including a cash first prize, will be awarded.

Members of Hillcrest circle will hold a business session at 7 p. m., preceding the public whist.

Wrong Training

Colleges continue to train students for jobs that no longer exist, Chester G. Moore, chairman of the board of the Central Motor Freight association, recently told a conference at the University of Illinois. And all the time, he said, jobs as salesmanager, accountants, office managers, solicitors, traffic managers, and tariff experts—in the trucking industry, are going begging.

Rice Producers

China and India are the world's leading rice producers, with Japan ranking third. Japan's crops are supplemented by imports of the commodity.

Unwanted Silk

Because of the low American demand for raw silk, the fiber has been piling up unsold in Yokohama and Kobe, and reelers are trying to sell so as to get cash to buy cocoons.

Perishable Baking Powder

Baking powder is a somewhat perishable product. If overexposed to the air moisture is absorbed. It should be kept in a tightly closed can and in a cool, dry place.

Blame U. S.

That money has ceased to come from the United States and England is blamed for the slow payment of taxes in Galway county in Eire.

Rubber Grips

To avoid dangerous bathtub falls are new rubber hand and foot grips that fasten securely to the bottom and sides of the tub with suction cups. The designs are conservative, neat, and there is a choice of colors.

Apple Blossom Time

Mrs. Sadie Twiford, Redwood City, Calif., would like to have someone analyze the "secret urges" which have pushed her two-year-old apple tree to blossom five times within a year and to bear four crops of fruit.

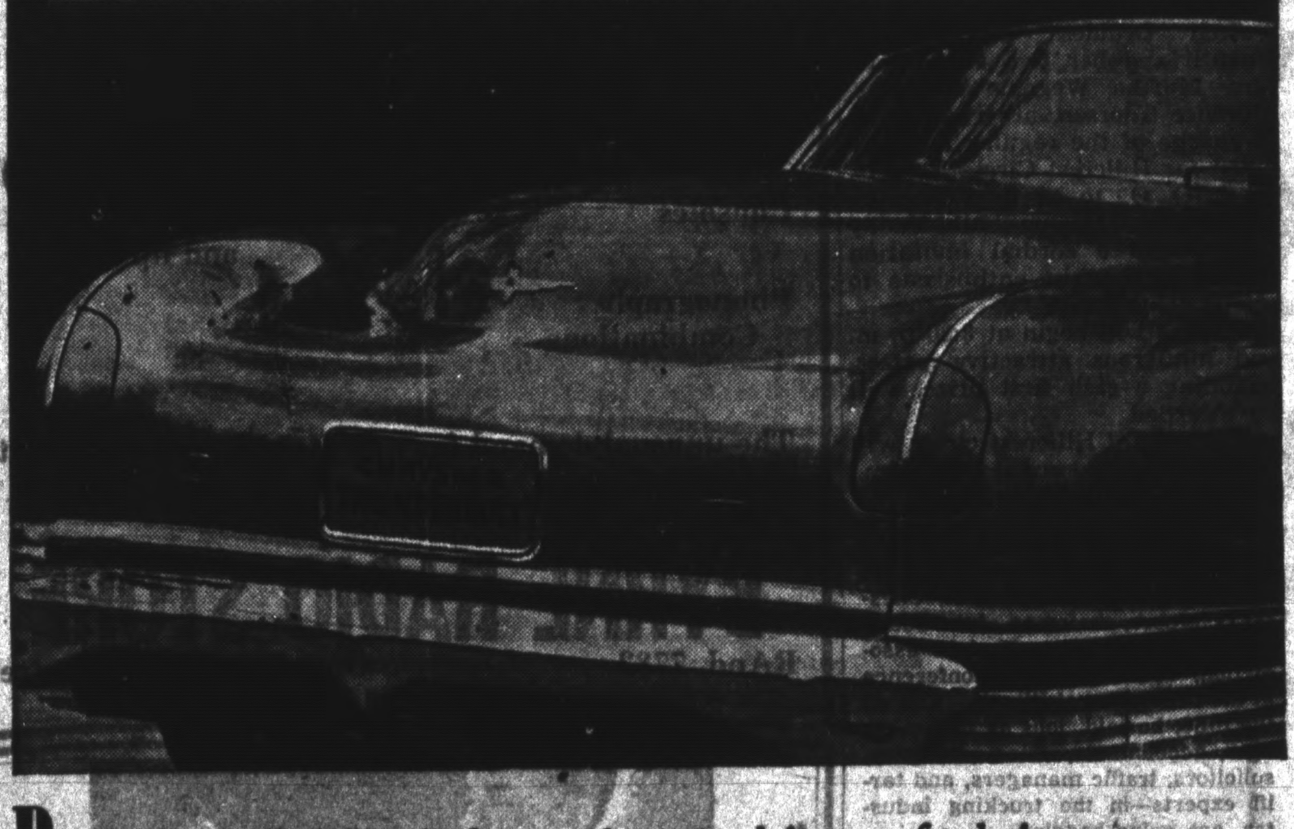
LOOK INTO THE FUTURE!

SEE THE CHRYSLER THUNDERBOLT
TOMORROW'S AERODYNAMIC CAR!



Do you want to look into the future and see the trend in car design?

Do you want to learn what makes cars go faster on less power?

Would you like to know why cars grow more beautiful as they become more efficient?

Come and see Chrysler's Thunderbolt. Airflow principles developed to the point of perfection! Sure to influence the future as the 1934 Airflow Chrysler has influenced the cars of today!

Don't miss seeing the car that everybody's talking about. It's here for a short time only!

ON DISPLAY!

"THE THUNDERBOLT" ON DISPLAY HERE

On the final lap of a nation-wide tour, a radically new Chrysler special model coupe, known as the 'Thunderbolt, will be on display at the showrooms of A. L. Timossi, Mission Auto company, Chrysler-Plymouth dealer here, located at 6465 Mission street, Wednesday, May 28, 4 p. m. to 6 p. m. Called the "Car of the Future," the Thunderbolt has created a sensation wherever it has been exhibited, and special arrangements were made in the showrooms of Mission Auto company to accommodate the large crowds of people who will be interested in seeing this latest and most sensational development of aerodynamic design, according to Timossi.

In Wednesday's Record the time of the showing was announced as 9 a. m., to 2 p. m., but last minute changes wired from Detroit set the new time as 4 p. m. to 6 p. m.

Timossi invites everyone to see this sensational car of the future. "Don't forget the time," he urged, "Wednesday, May 28, 4 p. m. to 6 p. m."

"In this car," said Timossi, "Chrysler corporation engineers see a forecast of the future motor car and a new milepost in the history of aerodynamic and 'fashioned-by-function' design. The design is the result of a collaboration between Ralph Roberts and Chrysler engineers. Robert's work has influenced motor car design for twenty years all over the world.

Use Sink Stoppers

In dry Oklahoma sink stoppers can be part of a police officer's equipment. When Lieut. V. O. Webb and two other officers raided a home a woman emptied a dishpan of liquid into the sink. Webb quickly stoppered the sink, drained and siphoned out a quart of what he says was whisky. He was carrying the stopper in his pocket.

Very Exclusive

Help Nature Along By Using Vigoro

The flowers grow in the spring, they say, but you can't expect nature to do all the work.

To give Mother Nature a boost in her good work, Lucca Ravioli company, large Colma market, is putting on a special sale of Vigoro, which is guaranteed to make your lawns and flowers grow like magic.

Vigoro is the most widely used fertilizer in the United States. It was used almost 100 per cent on Treasure Island, where shrubs and flowers had to be vigorous and fast-growing.

Johnny Stanghellini, proprietor of Lucca's, is also offering to loan a spreader free with the purchase of 25 pounds or more of Vigoro.

Corn Ring with Creamed Frankfurters

Broadcast by Mary Lee Taylor
May 22, 1941

3 tablespoons finely cut onion
2 tablespoons butter or other shortening
2 tablespoons flour
¼ teaspoon salt
⅛ teaspoon pepper
1 cup Pet Milk
1 cup grated American cheese
2 slightly beaten eggs
2½ cups drained, whole kernel corn, cooked or canned (No. 2 can)

Turn on oven and set at moderately slow (350° F.). Grease well, then dust with flour an 8¼-inch ring mold or 8 x 4 x 3-inch loaf pan. Cook onion slowly for 5 minutes in butter. Blend in flour, salt and pepper. Slowly stir in milk. Heat to boiling point, stirring constantly. Add grated cheese, stirring until melted. Then stir into slightly beaten eggs. Add corn and mix well. Save liquid off corn to use in sauce. Put mixture in ring mold. Set in pan containing ¼ inch of hot water. Bake about 1 hour, or until firm. Loosen sides and let stand in mold 5 minutes before turning out. Then fill center with Creamed Frankfurters (See below). Serves 6.

Creamed Frankfurters

1½ tablespoons butter or other shortening
3 tablespoons flour
¼ teaspoon salt
⅛ teaspoon pepper
¼ teaspoon dry mustard
¾ cup liquid off corn added to water
1 cup Pet Milk
6 frankfurters, thinly sliced (¾ lb.)

Melt butter in saucepan. Blend in flour, salt, pepper and mustard. Slowly stir in water. Boil 1 minute, stirring constantly. Stir in milk. Add frankfurters. Heat thoroughly but do not boil. Serve plain, or in center of Corn Ring (See above). Serves 6.
